My grandfather has white hair on the top of his head. My grand  
father's favourite food is squid & shrimp, Seafood  
scallops. He is a very light blue and is 10-12 metres  
He lives in the coldest ocean. He is 32 years old.

Grandfather saw bombs exploding & people shivering  
in Africa. He travelled along way to India. On the way  
living boat and a warship were killing another boat  
Whale. He felt so sorry for it. Luckily it was in the  
He travelled around the Arctic, the ice was melting  
Seals and even penguins were sampling for food. If

## Active Week

This week was our first time leading the whole school in sports activities at lunchtime. We all really enjoyed leading the activities and enjoyed having fun with all the children. Everyone who took part had great fun, especially our youngest children in Foundation Stage 2. Tennis, throwing and catching a ball and basketball were the most popular and successful games.

We want to say thank you to Mrs Haywood, Miss Buchanan and Mrs Dalziel for helping us along the way. Also thanks to Mrs Hampson for allowing us to be sports crew leaders, we love our job!

We hope you have all had as much fun as we have had and we hope to have another active week next half term.

## Active Week!

Such a lovely message above from the Sports Crew, they have worked so hard this week and what a busy week we have all had!

The Sports Crew organised a range of challenges for everyone at lunchtimes with the target of improving your Personal Best scores in your chosen challenge whether it was skipping, keepie-uppies or throwing and catching.

It was great to see the teachers planning and delivering active lessons and children having 30 second Active Pit Stops in their learning just to help them refresh and refocus in their learning!

## Collective Worship

On Wednesday this week, Mr. Williams, from the Gospel Hall in Northampton, visited us to lead our Collective Worship.

He retold the Bible miracle story of 'The Feeding of the Five Thousand'.

We love his "Fuzzy Felt" Bible characters!

## KS1 News

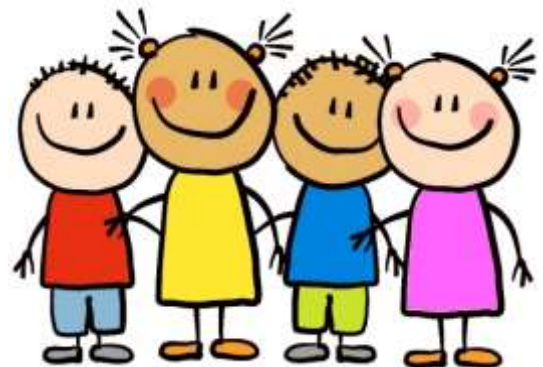

What can we say about our wonderful children in KS1?  
We're so proud of all of you!

The Year 2s worked extremely hard during their SATs and demonstrated such a grown-up attitude. Well done everyone!

The Year 1s have continued to impress and are going from strength to strength, especially with their phonics sounds.

Please note that we will not be setting any formal homework during the half-term break. We would ask that you continue to read regularly with your child – this really makes such a difference to their learning.

Finally, a huge welcome to the newest member of our team, Mrs Smart. We're delighted to have her on board.

## **TIP OF THE TERM**

### **Age 5 to 9 checklist for online safety**

- Create a user account for your child on the family computer with appropriate settings and make the most of Parental Controls and tools like Google SafeSearch
- Agree a list of websites they're allowed to visit and the kind of personal information they should not reveal about themselves online (e.g. the name of their school or their home addresses)
- Decide time limits for things like using the internet and playing on games consoles. Time limits can be applied on devices such as tablets and laptops
- Bear in mind what older siblings might be showing them on the internet, mobiles, games, consoles and other devices, and agree some rules as a whole family
- Talk to other parents about their views on things like what age is suitable to buy children a mobile phone.
- Familiarise yourself with age ratings on games, online TV, films and apps, so that you can be sure your child is only accessing age-appropriate content

### **Age 10-12 checklist for online safety**

- Make sure you've set some technology boundaries before your child gets their first mobile or games console –it can be more difficult to change the way they use it after
- Remind your child to keep phones and other devices well-hidden when they're out and about to minimise the risk of theft
- Talk to them about what they post and share online – tweets, written comments, photos and videos all form part of their 'digital footprint' that could be seen by anyone and is available on the Web forever
- Discuss the kind of things they see online – this is the age when they might be looking for information about their changing bodies and exploring relationships, for example
- Hold off letting your son or daughter sign up for services like Facebook and YouTube that have a minimum age limit of 13 – talk to other parents and their school to make sure everyone is on the same page.
- Be wary that some children 'fake' their date of birth on sites such as Facebook in order to gain access
- Remind them that they shouldn't do anything online that they wouldn't do face-to face

On Monday, we launched a competition to Y3/4/5 children linked to the Ovo Energy Women's Tour, which is passing through the village on the 14<sup>th</sup> June. Children were asked to design a winning shirt by Northamptonshire Sport.

To the right are some of the entries, which are being judged today.

We are planning to take Y3/4/5 to watch the race pass through; a letter will be sent out shortly regarding this.

### Class Photographs

Please remember to send any orders for class photographs into the school office by Tuesday 5<sup>th</sup> June 2018. These will be collected by the photography company during that week and we would not want any parents who wish to purchase to miss out.

With thanks
